

INDEX TO VOLUME 33*

* Italics are used to indicate names of major articles where listed under the title of the article.

The symbol (R) is used following names of reviewers of books where listing appears under reviewer's name.

- Academy of Medical Sciences (Peking) as center of research, noted, 235
- Adams, W. R., "The Psychiatrist in an Ambulatory Clerkship for Comprehensive Medical Care in a New Curriculum," 211-20
- Adapting the Group Discussion Technique for Use with Large Classes*, J. Cotsonas, Jr., R. J. Kaiser, and H. F. Dowling, 152-63
- Admission problems; *see* Applicants
- Addresses: Rappleye, Commencement address at Columbia University Medical School, 596-600; Casberg, Commencement address, "Knowledge Comes but Wisdom Lingers," 686-95; Hancher, dedication address of New Medical Research Center at State University of Iowa, 390-93; Silver, "A Family Health Service as a Teaching Service," address at conference of professors of preventive medicine, 600-604; Severinghaus, "New Models: An American Pattern," address at opening exercises of the Faculty of Medicine, Columbia University, 393-401; Muntendam, "Social Medicine in the Curriculum of Medical Education," address at Congress on Social Medicine (Austria, 1957), 696-702; Penfield, "Science and the Arts in a Changing World," address delivered at Honors Convocation, University of Wisconsin, 853-57
- "Adventures in Medical Education," by G. C. Robinson, reviewed by W. F. Norwood, 464-65
- Adviser system in medical schools, data on, 846-51
- Agnew, L. R. C., "Concerning the History of Medicine," 731-35
- Albany Medical College, use of radio for postgraduate medical education, 474-82
- Albino, R. C. (co-author), "Psychology in the Medical Curriculum at the University of Natal," 469-73
- Allen, D. W. (co-author), "Resistances to Learning," 373-79
- Allen, P. D., excerpts from "Peace with Third Parties," 749-50
- American Academy of Medicine, interest in type of education required of doctors, 322-23
- American Academy of Pediatrics, quoted on general practitioners' care of children, 655
- American Association for the History of Medicine, offers Osler Medal, 734
- American Association of Medical Social Workers, publication (1948) jointly with AAMC of "Widening Horizons in Medical Education," noted, 336
- American Board of Foreign Missions, founding of American University of Beirut (1866), noted, 761
- American Board of Psychiatry and Neurology, founding of (1934), noted, 342
- American Medical Association (Chicago): certification of foreign medical students, 346; data on medical schools presented to Congress, 638; establishment of practice of internship (1904), 721; former name, National Medical Association, 823; inspection of hospitals, 341; promotion of uniform standards, 324; publication of data on status of foreign medical school credentials (June, 1958), 751-55, 766
- American Medical Directory, listing of physicians, noted, 638
- American Medical Education Foundation, co-sponsor of Medical Education Week, 175
- American Philosophical Society (Philadelphia): organization of (1773), 618; service to, by Thomas Bond, 623
- American Presbyterian Mission Board, establishment of medical missions in Thailand, 410-11
- American Public Health Association, sponsors survey of biostatistics instruction, 370
- American Trudeau Society (ATS), preparation of report on teaching of pulmonary diseases in American Medical Schools by Division of Medical Education, 841
- American University of Beirut School of Medicine, The*, by J. J. McDonald, 761-70
- Analysis of the Results Obtained with the Entrance Examination in the School of Medicine of the University of Chile*, by B. Viel and M. Requena, 352-62
- "Anatomist at Large: An Autobiography and Selected Essays," by G. W. Corner, reviewed by K. E. Penrod and P. G. Rooft, 860
- Anatomy, history and importance of, 133, 810-12; *see also* "The Role of Anatomy in Medical Education," by G. W. Corner, 1-9
- Anderson, W. A. B., "Pathology," reviewed, 177
- Animal surgery, history of, arguments pro and con, 574-78
- Applicants: group interviews in selection of, 491-500; methods used in selection of, at University of Chile Medical School, 353-62; Minnesota Multiphasic Personality Inventory as test for, 221-24; report on problems of admissions, 77-82; rules for selection as adopted by AAMC (1954), 163
- Approach to Evaluation of Medical Education at Western Reserve University, An*, by J. H. Dingle,

- T. G. Bidder, G. F. Badger, D. D. Bond, T. H. Ham, N. L. Hoerr, and J. W. Patterson, 113-17
- Arey, L. B., "Human Histology," reviewed, 241-42
- Aristotle, cited, 134
- Armstrong, G. G., "A Model Eye for the Student Laboratory," 845
- Association of American Medical Colleges (AAMC): advocates increasing number of medical schools, 640; annual meetings, data on, 59-107, 420, 490, 508, 661-84; Headquarters Building (Evanston), financial aid for, from China Medical Board, 236; promotion of uniform standards, 324; publication of "Widening Horizons in Medical Education," jointly with American Association of Medical Social Workers, 336; quoted on need for general rather than specialized premedical training, 333; special meeting (February 8, 1958), minutes of, 461-64
- Association for the Study of Medical Education (Great Britain), first conference of, noted, 852
- Association of Teachers of Preventive Medicine, interest in biostatistics instruction, noted, 370
- Atchley, D., "The Effect of Modern Development in the Science of Medicine upon Undergraduate Curriculum," noted, 139, 142
- "Atlas of Clinical Endocrinology," by H. Lissner and R. F. Escamilla, reviewed, 403
- "Atlas of Commoner Skin Diseases," by Semon and Wilson, reviewed by S. Olanaky, 465
- "Atlas of Neuropathology," by N. Malamud, reviewed by R. G. Berry, 178
- Atomic Energy Commission, aid granted to medical colleges, 524
- Audio-visual aids, report on use of, 84-86
- Autopsy, first performed in United States (1742), 620
- Bacon, Sir Francis, quoted on goal of science, 395, 396
- Badger, G. F. (co-author), "An Approach to Evaluation of Medical Education at Western Reserve University," 113-17
- Balint, M., "The Doctor, His Patient and the Illness," reviewed, 181-82
- Samuel Bard: 1742-1821, by C. E. Heaton, 717-20
- Bardeen, C. R., noted, 4, 5
- Barlser, W., quoted on animal surgery, 577
- Bartram, J., 616, 618
- Batchelor, I. R. C. (co-author), "A Textbook of Psychiatry," reviewed, 402
- Baughman, D. J., "A Study of Medical Education in the United States," 132-43
- Bayles, S. (co-author), "Freshman Research Seminar: An Experiment in Elective Psychiatry," 363-68
- Bean, W. B. (R.), Balint's "The Doctor, His Patient and the Illness," 181-82
- Beginners' Problems in Clinical Teaching on a Psychiatric In-Patient Service*, by H. J. Goldings, 532-37
- Belgrade Institute of Hygiene, courses in preventive medicine, 45-47
- Bell, Sir C., English anatomist, noted, 5
- Benjamin Waterhouse, *Harvard's First Professor of Physic*, by J. B. Blake, 771-82
- Bennett, G. A. (1904-58), sketch of and tribute to, 369
- Berry, F. B., letter to editor, drafting of doctors, 237
- Berry, G. P. (Harvard Medical School): "Medical Education in Transition," noted, 139, 140, 142; quoted on comprehensive medicine, 336
- Berry, R. G. (R.), Malamud's "Atlas of Neuropathology," 178
- Beth Israel Hospital (Boston), The, study of its out-patient clinic, 10-21
- Bibring, G. L., "Psychiatry and Medical Practice," noted, 219, 220
- Bidder, T. G. (co-author), "An Approach to Evaluation of Medical Education at Western Reserve University," 113-17
- Bidyabhed, L. B. (Pyn Muangman), "The Development of Medical Education in Thailand," 409-20
- Biostatistics Instruction in Medical Schools*, by C. E. Hopkins, 370-72
- Blackstone, W., quoted on medical education, 690
- Blake, J. B., "Benjamin Waterhouse, Harvard's First Professor of Physic," 771-82
- Bliss, Rev. D.: founder and first president of American University of Beirut (1866), 761; quoted on attitude of college toward race and religion, 766
- Bliss, H., second president of American University of Beirut Medical School, noted, 765
- Bloomfield, A. L., "A Bibliography of Internal Medicine: Communicable Diseases," 862
- Board of Foreign Scholarships, work of, noted, 549
- Boder, E., "Utilizing a School for Handicapped Children in Medical Education," noted, 658
- "Bold New Program, A" (editorial), 509
- Bond, D. D. (co-author), "An Approach to Evaluation of Medical Education at Western Reserve University," 113-17
- Bond, P., brother and partner of Thomas Bond, noted, 617-18
- Bond, S. V. (Mrs. Thomas), noted, 623
- Bond, T., Jr., medical services during Revolutionary War, noted, 623
- Books, reviews of, 112, 177-82, 240-42, 402-3, 464-65, 510-11, 607, 756, 860-61
- Borden Award, granted to Dr. Murray L. Barr at 68th annual meeting of AAMC, 62
- Boston University School of Medicine: data on student expenses, 380-88; work in social and preventive medicine, noted, 569, 701
- Bottoni, noted, 615
- Bowdoin College, Medical School (Brunswick, Maine), Nathan Smith's part in founding of, 824
- Bowers, J. Z.: attendance at conference (London, September, 1958) on medical education, 852; editorials by, 106-9, 175, 234-36, 389, 458, 509, 548, 595, 685, 745-46, 809, 852
- Boyd, D. A., Jr., "Current and Future Trends in Psychiatric Residency Training," 341-51

- Bradley, J. E. (co-author), "Teaching Community Resources as Part of Pediatric Training," 645-47
- Bradshaw, H. H., quoted on animal surgery, 576
- Brain, Sir R., promotion of medical education in Great Britain, noted, 852
- Braisted, W., surgeon-general of U.S. Navy, quoted on premedical education, 330
- Brant, C. S. (co-author), "Physician-Patient Relations in a Teaching Hospital," commented on, in letter to editor, 237-39
- Brines, O. A. (co-author), "A Consideration of Histopathology in the Teaching of Sophomore Pathology: Results of a Questionnaire," 528-31
- British Council, aid to medical students in Thailand, noted, 416
- Brossart, J. M. (co-author), "Hospitals Which Do and Do Not Fill Their Intern Quotas," 721-25
- Browning, R. H. (co-author), "The Teaching of Pulmonary Diseases in American Medical Schools: Report of a Survey," 841-44
- Brogan, J. L.: cited, 115, 116, 117; co-author, "Observations of First-Year Students in Preceptor Groups," 118-31
- Bunnell, K. P., "Liberal Education and American Medicine," 319-40
- "Burke and Hare Affair," rioting against human dissection at Edinburgh (1827), noted, 2
- "But Where Is Medicine?" (editorial), 458
- Cabot, H., dean of the University of Michigan Medical School and president of AAMC, quoted on premedical training, 330
- Cadbury, W. E. (co-author), "Preparation for Medical Education in the Liberal Arts College," quoted, 334, 335
- Cadwalader, T.: early physician in Philadelphia, noted, 614, 616, 617, 619; performed first autopsy in U.S.A. (1742), 620
- Cain, A. S., director of survey on medical fellowships, noted, 175
- Cambridge University (England), report on "University Education and Business," quoted, 29
- Canadian Student—Western Style, The*, by J. S. Thompson, 790-96
- Carman, H. J. (co-author), "Preparation for Medical Education in the Liberal Arts College," quoted from, 334, 335
- Carnegie Foundation, federal programs in higher education, discussion of (1956), 325
- Carroll, A. J., "Summary of the Report on a Study of Medical College Costs," 747-48
- "The Carroll Report" (editorial), 746
- Casberg, M. A., "Knowledge Comes but Wisdom Lingers," commencement address at Greenville College, 686-95
- Castiglioni, Count B., "History of Medicine," quoted on Pasteur, 547
- Catholic University of Santiago (Chile), establishment of medical school, noted, 353
- Catton, W. T., "Physical Methods in Physiology," reviewed, 511-12
- Causality and the Comprehensive Approach*, by W. A. Steiger, 538-40
- Chadwick, Sir J., work on atom, noted, 691
- "Changes in Medical Education in France" (excerpt), by C. D. Leake, 459-60
- "Changing Times" (editorial), 548
- Chew, S., "Lectures on Medical Education," noted, 138
- China Medical Board: aid to medical schools of Thailand, 416; organization and activities of (editorial), 235-36
- Chinese Academy of Medical Sciences (Peking, China), excellent work in research, noted, 522
- Chinese Academy of Sciences (Shanghai, China): excellent work in research, noted, 522; president of, quoted on research, 235
- Chinese Medical Association, sponsors visit of nine British physicians, 517
- Chinese Union Medical College (Peking) (formerly Rockefeller College): great increase in services, noted, 519; quality and size of medical library, noted, 522
- Cholera: epidemics of, in Thailand, noted, 411; research on, 565
- The Chulalongkorn Hospital (Thailand), organization of medical school in connection with, 415
- Churchill, E., quoted on animal surgery, 576
- Churchill, W., quoted on American Colonies, 545
- Cincinnati General Hospital, training plan in psychiatry for interns, 451-57
- Clark, E. G. (co-author), "Preventive Medicine for the Doctor in His Community," 466
- Clark, S. L., chairman, Medical Fellowship Board, noted, 175
- Cleveland Dodge Foundation, aid to American University of Beirut Medical School, noted, 769
- "Clinical Laboratory Methods," by W. E. Bray, reviewed by M. V. MacKenzie, 180-81
- Clinical Science Programs: as developed at Western Reserve University Medical School, 118-30; first clinical course in medicine given at Pennsylvania Hospital, 614
- Clough, A., quoted, 852
- Coggeshall, Dean L., as president of AAMC, co-editor of "The Pursuit of Excellence: Education and the Future of America," 746
- Cogswell, M. F., appointed to first faculty of Yale University Medical School, 822
- Coleman, T. J.: appointed director of public information for AAMC (1958); appointed news editor, 548
- College of New Jersey (later named Princeton), founding of, noted, 618
- College of Philadelphia, Medical School, founding of, noted, 320
- College of Physicians and Surgeons, Columbia University, noted, 2, 4
- Colombo Plan, aid offered to medical students of Thailand, 416
- Columbia University (New York City), changes in

- name, Kings College, Columbia College, noted, 719
- Columbus, Christopher, comparison of, with Vesalius, 541-42
- Commission on Medical Education: establishment of, noted, 330; quoted on premedical education, 333; report (1932), publication of, noted, 335
- Committee on Medical Care Teaching of the Association of Teachers of Preventive Medicine, editing of "Readings in Medical Care," 860-61
- Commonwealth Fund, aid to American University of Beirut Medical School, 770
- "The Compleat Pediatrician," by W. C. Davison and J. D. Levinthal, reviewed by R. L. Lawson, 403
- Comprehensive medicine, study of, 538-40
- Concern: the History of Medicine*, by L. R. C. Agnew, 731
- Conformity, dangers of, 395-96, 687
- Congress on Medical Education and Licensure (Chicago, 1958), wide variety of program, noted, 599
- Consideration of Histopathology in the Teaching of Sophomore Pathology: Results of a Questionnaire*, A, by P. C. Martineau and O. A. Brines, 528-31
- Construction of a Final Examination To Assess Clinical Judgment in Psychiatry*, by R. J. Stoller and R. H. Goertema, 837-40
- Conybeare, Sir J. (co-author), "The Textbook of Medicine," reviewed, 179
- Cooper, J. A. D. (co-author), "Hospitals Which Do and Do Not Fill Their Intern Quotas," 721
- Copernicus, cited, 542
- Cornell Medical Center (New York Hospital), plaques honoring four great leaders in medicine, placed, 541
- Cornell Medical Index, as used in family health service, 601
- Corner, G. W.: "Anatomist at Large: An Autobiography and Selected Essays," reviewed, 860; "The Role of Anatomy in Medical Education," 1-9
- Cost of Medical Education: A Pilot Study*, The, by L. W. Knott, M. Gooch, and H. E. Hilliard, 429-44
- Cotsonas, N. J. (co-author), "Adapting the Group Discussion Technique for Use with Large Classes," 152-63
- Council on Medical Education and Hospitals of the American Medical Association: establishment of standards for internship, noted, 721; regulations set up, for foreign doctors wishing to practice in United States, 751
- Crane, A. R. (co-author), "The Diagnosis and Treatment of Pulmonary Tuberculosis," reviewed, 241
- Credentials, status of foreign medical school credentials, 751-55
- Creech, O., quoted on animal surgery, 576
- Cunningham, H. H., "Doctors in Gray: The Confederate Medical Service," reviewed by K. E. Penrod, 756
- Current and Future Trends in Psychiatric Residency Training*, by D. A. Boyd, Jr., 341-51
- Curriculum, discussions of, 1-9, 225-33, 421-28, 501-7, 787-89
- Cushing, H.: biography of, by W. Osler, noted, 615; work at Johns Hopkins University on animal surgery, noted, 574
- Daniels, R. S. (co-author), "The Teaching of Psychiatry to Interns," 451-57
- Danowski, T. S. (co-author), "Medical Education for Modern Medicine," 501-7
- Darley, W.: cited, 111; quoted, 748; report to annual meeting (AAMC), 56-73
- Dartmouth Medical College (Hanover, New Hampshire): early graduates of, noted, 818; aid in founding of, by Nathan Smith, 820
- Davis, C. D. (R.), Javert's "Spontaneous and Habitual Abortion," 511
- Davison, W. T.: co-author, "The Compleat Pediatrician," reviewed, 403; quoted on premedical education, 334
- Down of Medical Education in Tropical Africa*, The, by H. R. O'Brien, 553-64
- Deisher, R. W.: "Survey of General Practitioners' Opinion on Pediatric Education," 579-84; use of public schools in medical education program, 658
- Dennis, C., quoted on animal surgery, 576
- Department of Health, Education, and Welfare, aid to medical schools, 524
- Development of Medical Education in Thailand*, The, by L. Bidyabhed (Pyn Muangman), 409-20
- DeWeese, M. S. (R.), Turner and Rogers' "Modern Operative Surgery," 178-79
- DeWitt, N., "Soviet Professional Manpower," noted, 829
- Dews, P. B. (co-author), "A Psychopharmacology Exercise for Medical Students," 726
- "Diagnosis and Treatment of Pulmonary Tuberculosis, The," by P. Dufault, A. R. Crane, and O. Feinsilver, reviewed by E. E. Menefee, 241
- Dingle, J. H. (co-author), "An Approach to Evaluation of Medical Education at Western Reserve University," 113-17
- Dissection: attitude toward, 1-3, 133, 137, 169; legalization of, 2-3
- "Doctor, His Patient and the Illness, The" by M. Balint, reviewed by W. B. Bean, 181-82
- Doctor-patient relationship: book on, reviewed, 240-41; discussion of, 118, 144-51, 237-39, 585-90, 659, 736-44, 797-808
- "Doctors in Gray: The Confederate Medical Service," by H. H. Cunningham, reviewed by K. E. Penrod, 756
- "Doctor's Mob," rioting versus human dissection (New York City, 1782), noted, 2
- Dodds, H. W., quoted on education, 396
- Dodge, B., efforts to bring professional education to women, noted, 766
- Dolkart, R. E. (co-author), "Hospitals Which Do and Do Not Fill Their Intern Quotas," 721-25
- Dowling, H. F. (co-author), "Adapting the Group

- Discussion Technique for Use with Large Classes," 152-63
- Drake, D.: founder of Medical College of Ohio (1820), noted, 2; "Inaugural Discourse," noted, 323; "Practical Essay on Medical Education and the Medical Profession in United States," quoted, 135-36
- Drugs, effect of, on behavior, 726-29
- Dubois, J., as teacher of anatomy, 542
- Dufault, P. (co-author), "The Diagnosis and Treatment of Pulmonary Tuberculosis," reviewed by E. E. Menefee, 241
- Duke University School of Medicine, cited, 333
- Durant, Will, quoted on health, 809
- Durban Medical School (University of Natal), establishment of and data on, 562
- Dwight, T., as president of Yale fostered medical school, 822-23
- Earley, L. W., "The Functions and Problems of an Adviser System in a Medical School," 846-51
- Eaton, J.: cited, 115, 116, 117; co-author of "Observations of First-Year Students in Preceptorial Groups," 118-31; "Social Processes of Professional Teamwork," noted, 602
- Economic Cooperation Administration (ECA), aid to foreign medical schools, noted, 415
- Eddy, M. P., founder of Hamlin Memorial Sanatorium (Lebanon, 1903), 769
- Educational Council for Foreign Medical Graduates (ECFMG), activities and powers of, 754-55, 766
- Edwards Personal Preference Schedule: chart of, for medical students, 738; as used in testing, 84, 737
- Einstein, Albert, cited, 393, 691
- Einhoven's Law, explanation of, 167
- Eiseman, B. (co-author), "The Medical Student Course in Animal Surgery," 574-78
- Eisenhower, D. D., quoted on need for federal aid to medical education, 526
- Elementary School in Medical Education, The*, by A. H. Parmelee, Jr., and L. Liverman, 655-60
- Eliot, C. W., president of Harvard, quoted on meaning of liberal education, 326-27
- Ellis, A. G., work in building medical schools of Thailand, noted, 414
- Ellis, J., promotion of medical education in Great Britain, noted, 852
- Embryology, methods of teaching, 591-94
- Emerson, C., quoted on liberalizing of medical education, 331
- Emory University School of Medicine, co-sponsor of study of cost of medical education, 429-44
- Epidemiology, discussion of, 565-66, 621
- Escamilla, R. F. (co-author), "Atlas of Endocrinology," reviewed, 403
- Excerpts: "Education in France," 459-60; "Peace with Third Parties," by P. D. Allen, 749-50
- Exchange program, data on, 95-98, 109-10
- Experiment with the Group Interview in the Selection of Medical Students, An*, by G. G. Jackson and W. F. Kellow, 491-500
- Experiment in Teaching Human Embryology, An*, by J. E. Kindred, 591-94
- "Experimental Psychology and Other Essays," by I. P. Pavlov, reviewed by W. B. Youmans, 179-80
- External Medicine, Clinical Epidemiology, as established at Yale University School of Medicine, 29-35
- Hasell, S. D., comments on exchange program, 109-10
- Faculty of Medicine, Université Louvanium, Belgian Congo, establishment of, 560
- Family health service: as taught at University of California Medical School, 635; at the University of Valle (Cali, Colombia), 629-31; at the universities in Holland, 696-702; at Montefiore Hospital (New York City), 600-604; use of, in pediatric teaching, 646
- Federal Communications Commission, allots radio frequency for postgraduate medical education courses, 474
- Federal government, aid of: to medical colleges, 523-27; to medical research, 389
- Feinsilver, O. (co-author), "The Diagnosis and Treatment of Pulmonary Tuberculosis," reviewed, 241
- Fellowship program: as developed at Rochester University, 207-10; survey on, by National Research Council, Division of Medical Sciences (editorial), 175
- Fenninger, L. D., "The Rochester Student Fellowship Program," 207-10
- Fermi, E., work on the atom, noted, 691
- Ficarra, B. J., attributes of surgical resident (letter to editor), 605-6
- Field, M. J., "Doctor and Patient in Soviet Russia," noted, 834
- Fields, S. J., "Personality Inventory Profiles during and after Real Life Stress," 221-24
- First Thai National Conference on Medical Education (1956): objectives of, stated, 416-19; sponsored by University of Medical Sciences, 416
- Flexner, A.: award for Distinguished Service to Medical Education, established at the 68th Annual Meeting of the American Association of Medical Colleges (October, 1957), 62-63; definition of a university, noted, 189; plaque granted, honoring him for his work for medical education, 62-63; quoted, 137, 139; "Report of 1910," noted, 138, 330, 523, 615, 852, quoted, 324-25, 328
- Folsom, M. B., interest in funds for medical education, 524
- "For Future Doctors," by A. Gregg, reviewed by K. E. Penrod, 177
- For My Son, Now Qualified*, by S. R. Wilson, 797-808
- Foreign aid, funds for medical education in foreign lands furnished by United States under Economic Cooperation Administration (ECA), Mutual Security Administration (MSA), Foreign Operation Administration (FOA), and International Cooperation Administration (ICA), 415

- Foreign medical graduates, problems relating to practice in United States, 109-10, 345-46, 549-50, 751-55
- Foreign medical schools, articles on: "American University of Beirut School of Medicine," 761-70; "The Canadian Student—Western Style," 790-96; "Dawn of Medical Education in Tropical Africa," 553-64; "Development of Medical Education in Thailand," 409-20; "Education in France" (excerpt), 459-60; "Medical Education in India—a Challenge," 185-92; "Medicine and Medical Education in New China," 517-22; "Medical School of the University of Western Australia," 709-16; "Postgraduate Training of Physicians in Poland," 783-86; "Postgraduate Training in Preventive Medicine in Yugoslavia," 44-48; "Teaching of Preventive Medicine and Public Health in School of Medicine, University of Valle, Cali, Colombia," 625-37
- Foreign medical students (in United States): problems relating to, 86-87, 549-50; in research institutes, 449
- Foreign Operations Administration (FOA), funds granted by United States for aid to medical education in foreign lands, 415
- Foreign relations, exchange of data and personnel between United States and Russia in field of medicine, editorial on, 509
- Fothergill, J.: gift to hospital, noted, 619, 620; letter of, to Israel Pemberton, quoted, 616
- Foundations, aid of various ones to medical education (editorial), 685
- Fox, T. F. (editor of "The Lancet," England), visit of, to China, noted, 234, 522
